## FLEET TARIFF PACKAGES ARE ALSO AVAILABLE TO YOUR FRIENDS

With your authorization even your friends can enter into contract in their own name with separate invoicing. You can also bring your family members under your own name, so you can manage your invoices together. You can recommend fleet tariff packages to a maximum of 5 people.

## NUMBER PORTING

Convenient, fast and simple

Your entire phone number will be transferred to Vodafone including the reference number.

The porting of the number will take place in a few days, and you will remain available all the time except for a maximum of 4 hours.

You only need to start the process at Vodafone, we will take care of the rest for you, whether you have a top-up card or a subscription.

### What should you keep in mind when porting your number?

- **Is your old subscription in your name?** (To check this, look at your contract or an invoice you received from your current service provider.)
- **Do the data in your documents match the data registered with your old service provider?**
- **Do you have any unpaid invoices that are more than 30 days old?**

## GENERAL INFORMATION

The above offers are valid until revoked. Prices include VAT. This flyer is for informative purposes only. The list and price of devices currently available for the price plans are specified in the price lists, as updated periodically. **01/03/2024**

### Fleet Plan

Calls, text and multimedia messages to standard-rate Hungarian numbers are charged at the rate applicable to the customer's plan for standard-rate domestic calls/texts/multimedia messages within the Vodafone Hungary network. Roaming calls to the Vodafone network are billed as calls outside the Vodafone network, so such roaming calls will not be free even if the customer's plan includes free calls within the Vodafone network.

### Vodafone fleet EU Roaming

The service is available in the roaming networks determined by Vodafone, for standard-rate calls/texts/multimedia messages to a Hungarian phone number and for the data allowance usable in an EU roaming environment, subject to fair use. Fair use means private use for travelling purposes when the private individual user uses the service for his/her non-business communication needs. When using the Vodafone EU Roaming service, the calls, texts, multimedia messages and data usage to Hungarian phone numbers from abroad may not exceed the average of four-months' average of domestic use. In the given period, the number of days may not exceed the number of days on which traffic was generated in the Vodafone Hungary network. Coverage: EU, UK, Iceland, Liechtenstein, Norway, Switzerland, Turkey and Monaco.

If the conditions of fair use are not met, the customer will be notified and warned of the conditions of fair use. Within two weeks from such notification, the customer shall fully comply with the conditions of fair use, otherwise they will be charged an excess fee within the meaning of Article 8 of Regulation 612/2022/EU retroactively from the date of notification.

The amount of excess fee is: Roaming Zone 1 countries:  
Making calls: HUF 8/min | SMS: HUF 1/text message | MMS: HUF 1/multimedia message,  
Data transfer: HUF 0,3 / MB

In case of improper use, Vodafone reserves the right to cancel the Vodafone EU Roaming service with respect to the given plan following an advance warning. Once cancelled, this service will no longer be available. Customers who deactivate the Vodafone EU Roaming service on their plan may use their devices abroad under the terms of the currently effective traffic-based roaming tariffs and the Regulated European Roaming tariffs of the European Economic Area. EU phone number refers to the countries of the EU international rate zone defined in Annex 2 of the Vodafone General Terms and Conditions. The current list of partner networks is available at the following website: <http://www.vodafone.hu/redeu>. For more details about the preferential Vodafone EU Roaming rates, please refer to Tariffs section of the General Terms and Conditions for Private Customers of Mobile Services.
